ITALY IS NOT ONLY A PLACE, IS A LIFESTYLE
Starting from the classical style, Caspani Tino was able to reinterpret the spirit of luxury Italian furniture, worked and decorated by hand, creating his own style universally recognized and appreciated. Caspani Tino Group has built a chain of craftsmen, artists of carving and decoration, which manufacture exclusive models designed by stylists and designers of the company.

This chain is in the heart of Brianza, luxury district 20 km north of Milan, where the hand-made furniture culture finds its roots and is handed down from generations.

Our company takes its strengths and creativity from centuries of history in the tradition of luxury furniture. Innovation, commitment and passion are the ingredients of our work and our success.

JEWELS
THE VALUE OF DESIGN

Our furniture is manufactured as a jewel. Every single piece is the result of a combination between creativity and ability of artists and designers unique in the world.
ANCIENT TRADITION FOR MODERN DESIGN

Inlay is a type of decoration which is accomplished by combining small pieces of wood or different materials of different colours. This technique consists in approaching woods, and sometimes other materials (ivory or motherpearl), cut so as to match perfectly, until obtaining a particular drawing.

The difference in colours depends on the colours of the various species, further varied according to the cut and inclination of the grain, which may change reflection of light on the surface.
Every smaller detail of the most complex design is meticulously positioned by the hands of our experienced craftsmen, who make every single product a unique masterpiece.

Serial or custom designs are followed by a unique staff in the world with a deep knowledge of both the machining techniques and the most precious finishes, chosen according to customer’s needs. Every single product can be considered unique and unrepeatable, a work of art created by an exceptional team, man and nature.

All the materials are cut according to tradition, both with artisan techniques and with modern technology, to achieve the best results. The quality and perfection of the cut are one of the characteristics of our inlays that can boast infinitely minimal tolerances.

The inlay accuracy, the quality of the materials used and the care in positioning are continuously verified during all stages of processing to ensure in each project a high quality and an outstanding beauty product.
DREAMS COME TRUE
